

Type 4 - Free-Standing - Hinge Cover

Application:

Intended to protect electrical and electronic controls, components, and instruments in wet, non-corrosive environments that may require hose down.

Construction:

- 12 gauge steel.
- Seams continuously welded and ground smooth, no holes or knockouts.
- Mounting channels welded horizontally to interior body sides at top, bottom, and center.
- Panels and relay rack mounting angles can be mounted anywhere along channels.
- Rolled lip around three sides of door and along top of enclosure opening.
- Stainless steel continuous hinge.
- Stainless steel door clamps on three sides of door for watertight seal.
- Hasp and staple for padlocking.
- Heavy-duty lifting eyes.
- Oil-resistant gasket.

Finish:

ANSI 61 gray polyester powder finish inside and out over phosphatized surfaces.

Industry Standards:

- ETL Listed
- Conforms to UL 50 Type 4
- Conforms to NEMA standard Type 4
